

End of Program Public Health Competencies Template

Electives Assessment

Please complete the information below for each elective that you took in the MPH program. In the space provided, please include a narrative on the following:

1. A brief description of the course
2. Activities (e.g., written papers, projects) that you completed and how these activities in the course helped you in your public health degree.
3. A summative evaluative statement—what did you think of the course?
4. Whether the course fulfilled your expectations
