

## Interactive Videoconferencing Facility Information Fall 2017

Below are the classrooms that we are using this fall for our interactive videoconferencing connections. The following information may change during the semester, so make sure you watch your Thursday weekly emails. At the beginning of each semester, the rooms that will be available will be announced. If you have any questions regarding which facility you should attend, please call the program office 330-325-6179. If you have any problems when you get to class in the morning, you should call the classroom being used during the semester at The University of Akron (a MPH program support assistant will be in the room by 8:30 a.m. Saturday morning) or Amy Lee's cell phone (which will be "on" all Saturday, if she is in town—you may leave a message if not answering) at 330-701-1209.

If you are experiencing audio or video problems, contact the technician at your site. If he/she is not available, contact the room at The University of Akron on your connection or call Amy Lee's cell phone.

You do not need to attend the classroom of the university of which you are enrolled. If you know that no one will be at one of the sites on a particular day, please notify the MPH office at 330-325-6179 or [pubhlth@neomed.edu](mailto:pubhlth@neomed.edu) by the Friday before so that they can let the technicians know not to expect anyone in the classroom!

### The University of Akron

#### Leigh Hall #214

Phone number (330) 972-5629

### Cleveland State University

#### Rhodes Tower (RT) #813

Phone number (216) 861-5166

You must enter the library to use the elevators across from the check-out counter (turn left and left again once you enter the library) to get to these classrooms.

### Youngstown State University

#### Cushwa Hall #3140

Phone number (330) 941-2932
