

## Interactive Videoconferencing Facility Information Fall 2018

Below are the classrooms that we are using this fall for our interactive videoconferencing connections. The following information may change during the semester, so make sure you watch your Thursday weekly emails. At the beginning of each semester, the rooms that will be available will be announced. If you have any questions regarding which facility you should attend, please call the program office 330-325-6179. If you have any problems when you get to class in the morning, you should call the classroom being used during the semester at The University of Akron (a MPH program support assistant will be in the room by 8:30 a.m. Saturday morning) or Amy Lee's cell phone (which will be "on" all Saturday, if she is in town—you may leave a message if she cannot pick up the phone immediately) at **330-701-1209**.

If you are experiencing audio or video problems, contact the technician at your site. If he/she is not available, contact the room at The University of Akron (Leigh Hall #214, **330-972-5629**) on your connection or call Amy Lee's cell phone.

You do not need to attend the classroom of the university of which you are enrolled. If you know that no one will be at one of the sites on a particular day, please notify the MPH office at [pubhlth@neomed.edu](mailto:pubhlth@neomed.edu) by the Friday before so that they can let the technicians know not to expect anyone in the classroom!

### The University of Akron

**Leigh Hall #214.** If you enter the building front the front, go up the stairs. If you enter the building from the back, the room will be on the same floor <http://www.uakron.edu/resources/campusMapNew/>

Phone number (330) 972-5629 (classroom phone)

### Cleveland State University

**Main Classroom (MC) #207.** The building is open 8-5 p.m. The elevator bank is toward the back of the building from the front entrance off Euclid. The stairwell is closer! The room is on the second floor.
